## **Tell us about your escape to Germany!**

Under the patronage of the mayor of Greifswald, a project named „Dialogue of Generations. About escapes in history and in present times” shall be realized.

We are looking for people who had to flee either long or just a few weeks/months ago and who are willing to share these experiences with others.

What is the purpose? We aim to achieve that the people living in Greifswald know more about each other and enter into a mutual conversation.  
Therefore we need your help.

Are you willing to talk with us and other people about your escape?

Please contact us! We would be pleased to give you more information about us and this project.
